

ECO FRIENDLY DIWALI

Diwali is considered to be the main festival which is celebrated all over the country. People of all religions come together to celebrate this joyous festival. However, the current situation due to the coronavirus and the increasing pollution levels in various parts of the country, the festivities of Diwali have to be compromised. While people are gearing up to celebrate the festival of lights Diwali, several states and Union Territories have decided to impose a ban on firecrackers.

An **eco-friendly Diwali celebration** is nothing but celebrating in a way that does not cause harm to our ecosystem, and that includes all the living beings. One can start by just lighting diyas and avoiding loud and smoke-filled firecrackers. Let us also throw light on its importance.

Tips to Celebrate A Safe and Eco Friendly Diwali

- You can quickly reduce the consumption of energy by opting for eco-friendly
- Eco-friendly Diwali helps reduce noise and air pollution.
- Earthen diyas are perfect and can easily be disposed of without causing harm to our atmosphere.
- Use Natural Colours for Rangoli Decoration
- Use Environment Friendly Products for Home Decoration
- Celebrate A Cracker Less Diwali or Opt for Ecofriendly Crackers
- Loud noises can cause a lot of trouble for aged people. So, you can let them enjoy their private festive time with their family and friends.
- Opt-in for green gifts and gift a plant to your loved ones. This way you are indeed supporting the green cause.
- During your de-cluttering activities at home, make sure you sort out your old and unwanted things for the poor. Making the underprivileged happy is one of the best ways to celebrate Diwali.
- Opt for handmade paper while wrapping gifts and packaging food items during the festivities.
- You can reduce any accidents by following an eco-friendly.

Have a clean green and pollution free Diwali celebration!
